## Data definitions

| Term | Definition |
| :--- | :--- |
| Gender Pay <br> Gap (GPG) | The gender pay gap is a high-level indicator of the <br> difference between female and male earnings. It compares <br> the average or median earnings of females and males at <br> MSD. |
| Gender <br> Diverse Pay <br> Gap (GDPG) | The gender diverse pay gap is a high-level indicator of the <br> difference between gender diverse and male earnings. It <br> compares the average or median earnings of gender <br> diverse and males at MSD. Due to the sample size being <br> too small, and privacy issues, staff who identify as gender <br> diverse have only been included at the agency-wide level <br> and do not feature in other groupings. |
| Representation <br> within a <br> category | The percentage of women/ethnic group/women of ethnicity <br> represented out of all employees. For example, Table 5 <br> shows that 70.0\% of MSD's full-time employees are <br> women. Totals add to $100 \%$ horizontally across the row <br> with the adjacent category. |
| Representation <br> across a <br> category | The percentage of women/ethnic group/women of ethnicity <br> represented out of all women/ethnic group/women of <br> ethnicity. For example, Table 5 shows that $97.1 \%$ of <br> women at MSD work full-time. Totals add to $100 \%$ across <br> the entire column vertically. |
| Ethnicity | Ethnicity percentages are based on the total number of <br> people who have disclosed an ethnicity (not total staff <br> numbers). Employees are able to select more than one <br> ethnicity and can therefore be included as part of multiple <br> different ethnicity calculations. |
| MSD considers part-time to be less than 30 hours a week. |  |

| Term | Definition |
| :---: | :---: |
| Level of earning | For the purposes of comparing level of earning, MSD has used the following definitions stipulated within the Public Service Pay Guidance 2021: <br> - Lower: earning less than $\$ 60,000$, typically includes front-line support roles such as Support Officer and Customer Service Representative, and administration roles such as Receptionist. <br> - Middle: earning between $\$ 60,000-\$ 100,000$, typically includes front-line roles such as Case Manager and Customer Service Representative, support roles such as Advisor or Analyst and Senior Advisor or Analyst and line manager roles such as Assistant Service Centre and Service Centre Manager. <br> - Higher: earning over $\$ 100,000$. Typical roles include high level support roles such as Lead or Principal Advisors/Analysts and Manager or Senior Manager roles. |
| Level of seniority | Within each business group, the number of tiers vary, making it difficult to compare pay gaps by tier across the organisation. For the purposes of analysing representation and gender pay gaps at our senior levels of the organisation, we have grouped people managers as follows: <br> - line managers are first-level managers of staff roles <br> - managers are managers of teams of line managers and staff <br> - senior managers are Directors, General Managers, Group General Managers and Deputy Chief Executives of business areas |
| Māori and Ethnic-Gender Pay Gap (EGPG) | Māori and ethnic-gender pay gaps are calculated as the difference between the average salary for females of an ethnic group and the average salary of all males at MSD, expressed as a percentage of the average salary of all males at MSD. Average pay for all males at MSD is the same measure used to calculate MSD's overall gender pay gap. This ensures that gender pay gaps by ethnicity are calculated on the same basis as our overall gender pay gap and are therefore comparable. <br> Gender pay gaps by ethnicity are indicative only as they involve comparing groups of varying unequal sizes and may cause volatile results over time. |

| Term | Definition |
| :---: | :---: |
| Māori and Ethnic Pay Gaps (EPG) | Māori and ethnic pay gaps are calculated as the difference between the average or median salary for an ethnic group and the average or median salary of all those not in that ethnic group, expressed as a percentage of the average or median salary of those not in the ethnic group. |
| Minimum sample size | Where there are less than 20 staff within any comparator group, MSD has considered this too small for statistical comparison, and omitted any gender or ethnic pay gap calculation. |
| Occupation group | Public Service employees are engaged in a wide range of jobs spread across 247 different occupations in 2020. These can be aggregated into ten broad occupation groups. For the purposes of this Action Plan, MSD has used these same broad occupation groups. While occupation groups are a useful view when looking at representation, at MSD these groups contain staff that span a range of roles, bands and tiers, meaning the GPG measures are not necessarily based on same or similar roles. <br> The most common occupations at MSD are: <br> - Case Managers, which have been included in the Social, health and education workers occupation group <br> - Customer Service Representatives, which have been included in the Contact centre workers occupation group <br> - Centralised Processing Officers, which have been included in the Social, health and education workers occupation group |
| Pay gap of concern | Research is somewhat silent on what number indicates a 'good' or 'bad' pay gap. For the purposes of this Action Plan, MSD has focused on pay gaps based on average earnings that are $+/-3 \%$. |
| Same or similar roles | For the purposes of comparing same or similar roles, MSD has used pay groups and bands. |

## Reading the data

- We have included current fixed-term and permanent employees (excluding casuals/contractors, staff on long term leave without pay, parental leave). The comparison is based on FTE salary figures only.
- We recognise that not all people identify as a man or a woman. Our analysis includes staff who identify as gender diverse, where the datasets were large enough to make meaningful comparisons, while ensuring anonymity.
- Any mean or median figures which are over $+3 \%$ or under $-3 \%$ have been highlighted in red; to indicate a pay gap of concern.
- Where a mean or median GPG figure is preceded by a negative sign (-), it indicates that the pay gap is in favour of women or the ethnic group.
- Where a data entry has been marked with a dash (-), it indicates that the sample size wasn't large enough for meaningful analysis while maintaining individual privacy

## By level of earning

Table 24. Māori EGPG and representation by level of earning

| Level of earning | Māori female rep. within level | Māori female rep. across levels | All male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Lower | 16.1\% | 18.7\% | 20.2\% | -0.1\% | 0.0\% |
| Middle | 20.5\% | 72.7\% | 58.5\% | 3.6\% | 0.0\% |
| Higher | 11.0\% | 8.6\% | 21.3\% | 4.9\% | 6.7\% |

Table 25. Pacific EGPG and representation by level of earning

| Level of earning | Pacific female rep. within level | Pacific female rep. across levels | All male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Lower | 18.3\% | 30.3\% | 20.2\% | -0.3\% | 0.0\% |
| Middle | 12.9\% | 64.8\% | 58.5\% | 5.7\% | 0.0\% |
| Higher | 4.4\% | 4.9\% | 21.3\% | 10.3\% | 9.2\% |

Table 26. Asian EGPG and representation by level of earning

| Level of earning | Asian female rep. within level | Asian female rep. across levels | All male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Lower | 15.0\% | 34.0\% | 20.2\% | 0.6\% | 0.0\% |
| Middle | 8.6\% | 59.4\% | 58.5\% | 3.0\% | 0.0\% |
| Higher | 4.3\% | 6.6\% | 21.3\% | 15.0\% | 10.2\% |

## By level of seniority

Table 27. Māori EGPG and representation by level of seniority

| Level of seniority | Māorí female rep. within level | Māori female rep. across levels | Male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Line Manager | 21.6\% | 71.2\% | 48.8\% | 3.2\% | 0.5\% |
| Manager | 14.7\% | 23.7\% | 34.6\% | 2.2\% | 0.7\% |
| Senior Manager | 8.3\% | 5.0\% | 16.5\% | - | - |

Table 28. Pacific EGPG and representation by level of seniority

| Level of seniority | Pacific female rep. within level | Pacific female rep. across levels | Male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Line Manager | 12.2\% | 80.0\% | 48.8\% | 5.6\% | 6.2\% |
| Manager | 5.4\% | 17.1\% | 34.6\% | - | - |
| Senior Manager | 2.4\% | 2.9\% | 16.5\% | - | - |

Table 29. Asian EGPG and representation by level of seniority

| Level of seniority | Asian female rep. within level | Asian female rep. across levels | Male rep. across levels | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Line Manager | 5.2\% | 85.7\% | 48.8\% | 7.1\% | 5.7\% |
| Manager | 1.8\% | 14.3\% | 34.6\% | - | - |
| Senior Manager | 0.0\% | 0.0\% | 16.5\% | - | - |

## By occupation group

Table 30. Māori EGPG and representation by occupation group

| Occupation group | Māori female rep. within occupation group | Māori female rep. across occupation groups | All male rep. across occupation groups | EGPG average | EGPG median |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Clerical \& administrative workers | 21.4\% | 6.4\% | 2.5\% | 0.3\% | 4.1\% |
| Contact centre workers | 14.6\% | 11.9\% | 15.1\% | -0.1\% | 0.0\% |
| ICT professionals \& technicians | 4.3\% | 1.1\% | 11.1\% | - | - |
| Information professionals | 12.1\% | 6.7\% | 12.3\% | 1.8\% | 0.0\% |
| Inspectors \& regulatory officers | 11.6\% | 3.2\% | 5.7\% | -3.0\% | 0.0\% |
| Legal, HR \& finance professionals | 18.6\% | 4.8\% | 4.2\% | 13.1\% | 0.0\% |
