Some parts of this information release would not be appropriate to release and, if requested, would be withheld under the Official Information Act 1982 (the Act). Where this is the case, the relevant sections of the Act that would apply have been identified. Where information has been withheld, no public interest has been identified that would outweigh the reasons for withholding it. This is the key to the redaction codes used for this release:

- Section 9(2)(f)(iv) - the confidentiality of advice under active consideration.

The Cabinet paper had a typographical error in paragraph 73: the correct date is 30 June 2023 not 30 June 2022. This does not have a substantive change on the assessed impact and cost of the policy.

The Cabinet paper had a typographical error in paragraph 139: It reads: In New Zealand, *young people (aged 10 to 20 years) make up 38% of all New Zealand COVID-19 cases*. This should read: *(aged 10 to 29 years)*. This does not have a substantive change on the assessed impact and cost of the policy.
