

1,108 increase

in the number of working-age recipients of a main benefit, when comparing 3 July 2020 (354,548) with 26 June 2020 (353,440).

43 increase

in the number of Special Needs Grants granted during the week ending 3 July 2020 (36,119), when compared with the week ending 26 June 2020 (36,076).

11.8 percent

of the estimated New Zealand working-age population received a main benefit, as at 3 July 2020 (10.4 percent as at 3 January 2020).

6.4 percent

of the estimated New Zealand working-age population received Jobseeker Support (JS), as at 3 July 2020 (4.9 percent as at 3 January 2020).

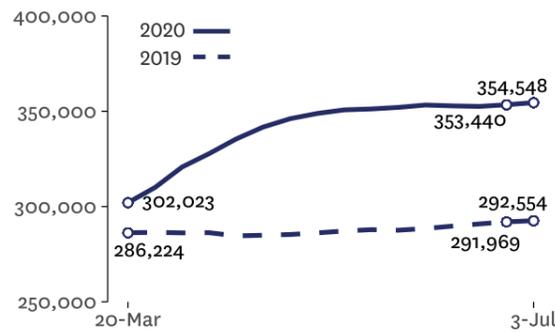

13,904 recipients

of the COVID-19 Income Relief Payment, as at 3 July 2020, of which 12,562 were full-time recipients, while 1,342 were part-time recipients.

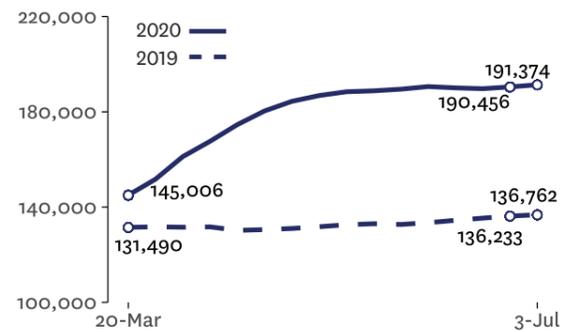

Main benefits

Main benefit numbers are working-age, or those aged 18–64 years. Main benefit numbers are affected by those recipients transferred to CIRP.

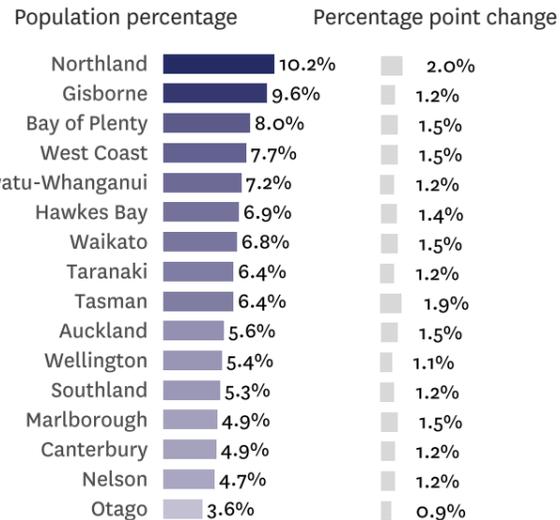

1. Number of main benefit recipients

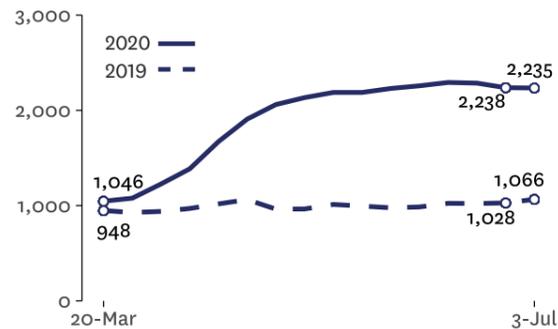

2. Number of Jobseeker Support recipients

3. Percentage of the estimated New Zealand population aged 15–64 receiving Jobseeker Support, by Regional Council, compared with the start of the year

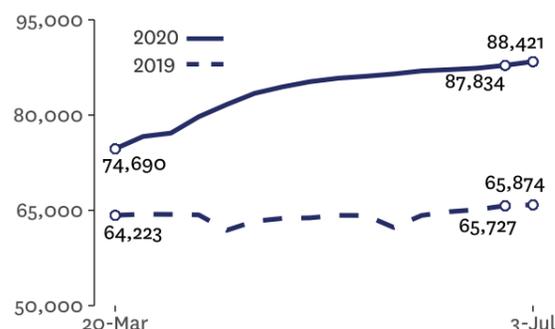

4. Number of Emergency Benefit recipients

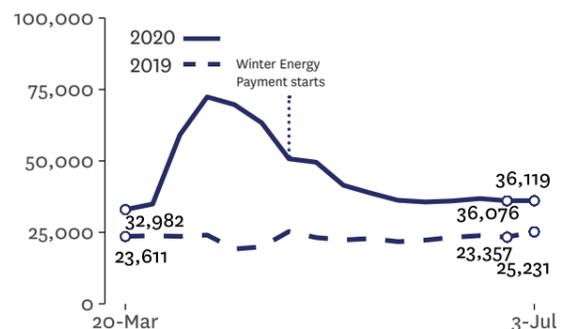

Supplementary assistance and hardship assistance

5. Number of Temporary Additional Support and Special Benefit recipients

6. Number of Special Needs Grants granted during each week

COVID-19 Income Relief Payment (CIRP)

From 8 June 2020, people who lost their job between 1 March 2020 and 30 October 2020 can apply for CIRP. Numbers reported are of those eligible, aged 16 and older.

Between 8 June and 3 July 2020

14,576 grants*

granted for CIRP. Of those, 3,629 were granted during the week ending 3 July 2020.

Between 8 June and 3 July 2020

2,688 transfers***

from Jobseeker Support to CIRP occurred. Of those, 215 transfers were during the week ending 3 July 2020.

* CIRP grants can subsequently be suspended or cancelled if the recipient gains employment or a grant was applied incorrectly. This means total grants over time will not add up to the number of CIRP recipients.

** CIRP recipients are counts of the total number of people receiving CIRP.

*** Transfers to CIRP from Jobseeker Support are cumulative counts of people granted CIRP, who were recently in receipt (or a partner of a primary recipient) of Jobseeker Support.

Current recipients, as at 3 July 2020

13,904 recipients**

of CIRP, an increase of 3,325 when compared with the week ending 26 June 2020.

12,562 full-time recipients of CIRP.

1,342 part-time recipients of CIRP.

2,504 recipients

or 18.0 percent transferred from Jobseeker Support to CIRP.

Wage Subsidy and Leave Payment Scheme

Payments

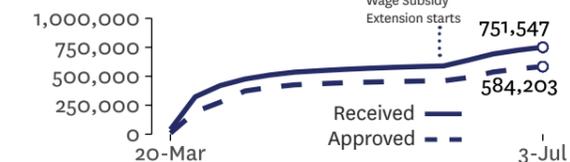

\$12.7 billion

paid out to approved Wage Subsidy and Leave Payment Scheme applications up to the week ending 3 July 2020, of which \$1.6 billion were under the Wage Subsidy Extension, paid between 10 June 2020 and 3 July 2020.

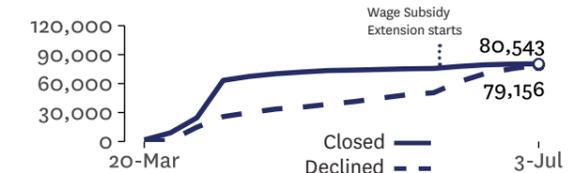

1,712,228 jobs

associated with a paid application up to the week ending 3 July 2020, of which 372,021 were under the Wage Subsidy Extension, between 10 June 2020 and 3 July 2020.

7. Number of applications received and approved

8. Number of applications closed and declined

Refunds

\$263.8 million

is the value of refunds received as at 3 July 2020, an increase of \$58.9 million when compared with the week ending 26 June 2020.

8,602 refunds

received as at 3 July 2020, an increase of 1,456 when compared with the week ending 26 June 2020.

Receipt of main benefits or supplementary assistance are counts of the number of people who are in primary receipt only.

Hardship grants are counts of grants, rather than clients. A client can receive multiple grants.

Special Needs Grants (SNGs) are the sum of grants during each week. SNGs also include SNGs for food.

Wage Subsidy and Leave Payment data are cumulative data, and sums data from the start of the Wage Subsidy (week ending 20 March 2020), the Leave Payment (week ending 1 May 2020), and the Wage Subsidy Extension (week ending 12 June 2020). The numbers currently reported for the Wage Subsidy and Leave Payment Scheme are a count of jobs, rather than of people associated with paid applications.

Total refunds received will not equal the number of businesses who have made refunds, as some businesses may make multiple refunds.

For **population proportions**, the estimated resident New Zealand population aged 18–64 years is used as at the nearest June each year. Current estimates as at June 2019 are used in this document.

There may be **variations when comparing quarterly and monthly data**, to weekly data reported by MSD. This is due to the different business rules used, allowing for processing time for payments. During public holidays, the processing time may need to be advanced to the Thursday or the Wednesday. If a public holiday lands on the following Monday or the Friday, the monthly and quarterly data will have a different extract date from the weekly data, which is always extracted on Fridays. Caution should be exercised when comparing data between weekly, monthly, and quarterly data releases.
