**Receipt of main benefits** or supplementary assistance are counts of the number of people who are in primary receipt only. COVID-19 Income Relief Payment numbers are a count of total recipients who receive a payment.

**Hardship grants** are counts of grants, rather than clients. A client can receive multiple grants. Special Needs Grants (SNGs) are the sum of grants during each week.

**Wage Subsidy and Leave Payment data** are cumulative, and sums data from the start of the Wage Subsidy (week ending 20 March 2020), the Leave Payment (week ending 1 May 2020), Wage Subsidy Extension (week ending 12 June 2020) and the Resurgence Wage Subsidy (week ending 21 August 2020). The numbers currently reported for the Wage Subsidy and Leave Payment Scheme are a count of jobs supported by the scheme with the 8, 12, and 2 week subsidy period.

**Total refunds** received will not equal the number of businesses who have made refunds, as some businesses may make multiple refunds.

For **population proportions**, the estimated New Zealand population is used as at the previous June each year, unless otherwise stated. Current estimates as at June 2019 are used in this document.

There may be **variations when comparing quarterly and monthly, to weekly data** reported by MSD. This is due to the different business rules used, allowing for processing time for payments. During public holidays, the processing time may need to be advanced to the Thursday or the Wednesday. If a public holiday lands on the following Monday or the Friday, the monthly and quarterly data will have a different extract date from the weekly data, which is always extracted on Fridays. Caution should be exercised when comparing data between weekly, monthly, and quarterly data releases.
